## ITALY MAY SEND ARMY TO FIUME

Military Member of Orlando's Staff Says 200,000 Men Will Occupy Dalmatia.

## WOULD ADJUST CRISIS

Lloyd George Attempts to Bring Contending Factions Together—Orlando Delays Leaving Paris—Troops Guard U. S. Embassy in Rome.

Paris, April 25.—The vital question which is agitating Paris and all the Allied capitals of the world—whether or not Italy will bolt the Peace conference, is still unsettled.

Paris, April 25.—Italian military forces will occupy that part of Dalmatia and other Adriatic territory named in the pact of London with about 100,000 men, it was stated by Captain Pozzi of Premier Orlando's staff. A similar force, the captain added, would be sent to the northern region and around Fiume.

Premier Orlando's course, Captain Pozzi says, would be to convoke parliament and secure the passage of a measure providing for the annexation of the Dalmatian and other eastern Adriatic territory given to Italy by the London agreement and also of Fiume.

Reports have been received, the captain added, that a military demonstration by the Jugo-Slavs at Spilato was contemplated, in which event the Italians would take proper countermeasures.

Premier Orlando and Foreign Minister Sonnino attended the meeting of the Big Four.

Paris, April 25.—A lengthy statement replying to President Wilson has been issued by Premier Orlando, in which the premier states he is compelled to withdraw from the peace conference after President Wilson's statement that Italy can not have Fiume, which is regarded as a departure from diplomatic custom, and leaves the Italians no other course.

Premier Lloyd George later said the Italians would not leave Paris immediately.

The Italian press bureau announced today that Premier Orlando and his associates will leave for Rome probably on a special train at once.

Lloyd George Invites Meeting. Premier Lloyd George has invited President Wilson, Premier Orlando and Premier Clemenceau to confer with him in an effort to bring about an adjustment of the present situation.

It was stated in Italian quarters that should the break become definite Italy would take steps to approach Germany with a view to making a separate peace.

Orlando Denies Complete Break. "We do not break with our allies, but hand over our interests to their hands, trusting they will loyally fulfill their mission," Orlando said.

"President Wilson's statement ruins everything," Premier Orlando declared in an announcement to the press, referring to the president's declaration that Italy must not have Fiume.

"It appeals to the Italian people against their government. I have written to Premier Clemenceau and Premier Lloyd George that we remain allied with Great Britain and France. We leave, charging them to look after our interests. It is superfluous to discuss President Wilson's questions, on which he publicly spoke to our disadvantage."

Reuters limited learns that the Italian government is taking measures to protect the American embassy at Rome and consulates in all Italian cities in event of demonstrations in that country.

## PRESIDENT DENIES STORIES

Wilson Has Made No Secret Alliances or Treaties.

Washington, April 25.—Secretary Tuohy in a statement issued at the White House said a cablegram had been received from President Wilson in Paris giving "positive and unqualified denial" to reports that the President had entered into a "secret alliance or treaty with some of the great powers."

"In view of the fact that certain newspapers of wide circulation throughout the country have intimated that the President had entered into a secret alliance or treaty with some of the great powers, I conveyed this information to the President, and in receipt of a cablegram from him giving positive and unqualified denial to this story."

Spokane Twilight League Opens. Spokane, Wash., April 25.—Spokane's Twilight baseball league has started its season. It is possible that four games a week will be played in stead of three. The contests start at 6 o'clock and the teams represent local factories.

Mrs. Ava Willing Astor is coming to this country to visit her son Vincent Astor. It is expected that she will entertain extensively during the coming season at Newport.

## PLAN TO FEED RUSSIA

Neutral Commission Is Favored by Herbert C. Hoover.

Anarchists Will Be Required to Keep Within Certain Area and Cease Military Action.

Paris, April 25.—Herbert C. Hoover, the food director, said that "the favorable reply of the associated governments to the proposals of Dr. Nansen that a neutral commission should be allowed to undertake the feeding of the people of the principal cities in Russia is based on three conceptions."

"The first is that in giving permission to a neutral commission to undertake the humanitarian work, it in no way implies any negotiations between the Allies and the government of Russia, nor does it imply any approval of their methods of government."

"The second is that there shall be complete justice in distribution to all classes."

"The third is that the Bolsheviks are to keep themselves within a circumscribed area, ceasing all military action and attempts at invasion."

## KOLCHAK CONTINUES DRIVE

Russian Commander Forcing Anarchists to Retire.

London, April 25.—The Bolsheviks are mounting guns on ships in the Dvina river, preparatory to starting an offensive on the Archangel front, the war office announced. Ice was reported to be breaking up on the river, which flows northward, emptying into the White sea at Archangel.

Admiral Kolchak, continuing his drive against the Bolsheviks, has captured Orsk, Bugalmar and Bugurslan.

## ATTACKS WARTIME DRY ACT

Counsel for Brewers Asks Federal Court to Set Law Aside.

New York, April 25.—Elihu Root, senior counsel for the United States Brewers association, asked Federal Judge Hand to declare unconstitutional the wartime prohibition law, enacted, he said, "under false pretense, as every man and woman knows." The measure was designed, he asserted, not to aid in carrying on the war, but to bring about a state of prohibition before the date fixed by congress.

## GROWERS WILL LIMIT CROPS

Attorney General Refuses Opinion on Action of Planters.

Washington, April 25.—Attorney General Palmer has declined to give an opinion on the legality of the action of Southern cotton growers to limit their crop this year in an effort to maintain prices.

This opinion, it was explained, had been sought by Secretary Houston to throw light on the situation which had caused complaints from a number of cotton consuming interests.

## AUSTRIA AND HUNGARY BREAK

Diplomatic Relations Severed Says Dispatch From Berlin.

## Japanese and Italian Representatives Confer

BY FRED S. FERGUSON, (United Press Staff Correspondent) Paris, April 25.—Ambassador Matsui, Japanese representative in France, was called to Italian headquarters this morning. The co-operation of the Italians and Japanese at this critical time was regarded as deeply significant in view of the similarity of their respective claims to Fiume and the Shantung peninsula.

The Paris correspondent of the London Evening News reported Premier Orlando will offer King Victor Emmanuel his resignation, and if it is not accepted, he will convoke parliament Monday or Tuesday.

## Big Three Meet to Discuss Kiel Canal

Paris, April 25.—The big three met with members of the supreme economic council at three this afternoon to discuss further international rules to govern the Kiel canal.

## Deputies Demand Italy Refuse to Join League

Rome, April 25.—A group of deputies today demanded in resolutions that Italy refuse to join the league of nations unless she is awarded Fiume, Sara and Dalmatian Islands.

## Hun-Hating Dog, Veteran of World War, to Help Boost Victory Loan

Cognac fought the boche with the Seventy-first Artillery. Although he is little more than a puppy he hasn't gotten over his hatred of his pale foes. He was in the service for seven months, never missed a drill, went out and found the wounded and generally endeared himself to the artillerymen. In appreciation of his services and devotion they branded him

with a service stripe on the left foreleg. He was brought to this country by Private Seymour Samuels, who through Jess Dandy, presented him to the Friars Club, of which he is the official mascot. Cognac (the Friars are going to call him Grape Juice after June 30) hates a German helmet so much that he has broken several teeth trying to annihilate one.

This hatred is to be turned to account during the Victory Loan campaign. Cognac's battles with hun helmets are to be staged on speakers' stands all over New York City. When this photograph was taken he was standing at attention and hadn't noticed that one of the Friars had slipped a helmet almost under his nose.

## Italian Premier Leaves Paris to Consult Parliament

BY FRED S. FERGUSON, (United Press Staff Correspondent) Paris, April 25.—Premier Orlando has left Paris. The big three meeting scheduled for this morning was suddenly called off. It is believed a session will be held this afternoon. The big three, America, France and Great Britain, are confident Orlando will return to the conference or that some other Italian statesman will be substituted for him. Accompanied by Signor Barseila, the Italian leader departed from the Gare de Lyon at 10:30 last night. Foreign Minister Sonnino, scheduled to leave for Rome today, postponed his departure until tonight. General Diaz, commander in chief of the Italian armies, left with Orlando. Italian officers, soldiers and civilians cheered them and sang the national anthem.

Confidence of the allied representatives that Orlando will come back or be replaced by another, was based on developments in yesterday afternoon's session of the big four, which both he and Sonnino attended. Despite Orlando's statement that this conference was fruitless, and that the Italian delegation is withdrawing as a matter of principle, owing to President Wilson's pronouncement that Italy cannot have Fiume. The Americans and British refuse to interpret the action as a definite break. An official communique was issued declaring that all the conferees displayed the strongest desire to reach a satisfactory solution and expressing the hope that the Italian parliament will aid in the settlement. From confidential American sources it was learned Orlando has given his word to the big three that he was going home to consult parliament which will be convened immediately.

## Anti-Wilson Demonstration Held Throughout Italy

BY CAMILLO CIANFARA, (Staff Correspondent, United Press) Rome, April 25.—Hundreds of thousands of persons participated in wild anti-Wilson demonstrations throughout Italy last night. A strange division of sentiment attended most of the demonstrations in Turin, Genoa, Bologna, and Milan, the crowds cheering America but denouncing President Wilson. A great reception is planned for Premier Orlando.

## Italian Premier Arrives Home Given Demonstration

(By United Press) Paris, April 25.—Italian headquarters announced this afternoon that Premier Orlando arrived in Italy and was accorded a great demonstration. Italian troops are guarding the American embassy in Rome. Ambassador Page will remain until the situation is straightened out.

## BEER AND WINE WILL BE BANNED

Department of Justice Officials Intend to Rigidly Enforce Wartime Dry Act.

## MANUFACTURE TO STOP

Point Is Made That Congress Intended to Prevent "Waste" of Grains and Fruits in Making Intoxicants.

New York, April 25.—The Department of Justice announced, through a special representative in the federal court here, the government proposes a literal enforcement of the wartime prohibition act, including a ban on production and sale of all beers and wines, whether or not they are intoxicating.

While no steps will be taken to prevent brewing, pending a court determination of the law's constitutionality, raised by brewers of the New York district, manufacturers will operate in peril of future prosecution, according to the statement of William C. Flitts, special counsel appearing for Attorney General Palmer in the beer litigation Dismissal of Suit Asked.

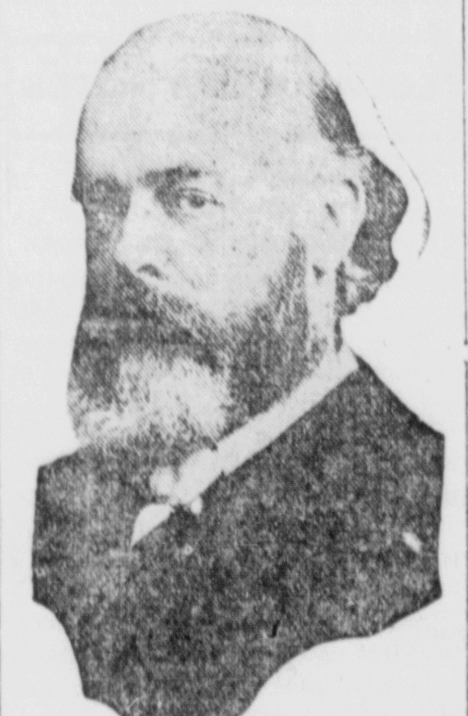

It had been announced earlier at the internal revenue bureau that brewing would stop Thursday, May 1, under the food conservation act of Nov. 21, 1918.

Mr. Flitts advised Judge A. N. Hand, who heard arguments in the government's motion to dismiss the suit brought on behalf of the national brewing interests to restrain the Federal authorities from interfering with its production of 2 1/2 per cent beer, that the Department of Justice did not know and did not care whether beer of the strength indicated was intoxicating.

To Stop Waste of Grains. The law prohibited sale after June 30 of distilled beverages as well as manufacture after April 20 and sale after June 30 of "beer, wine and other intoxicating malt or vinous liquors for beverage purposes," pending the demobilization of the military forces, he said.

The words "beer" and "wine" were not qualified, in the opinion of the government, he added, and the apparent Congressional intention to stop the "waste" of grains and fruits in their production in any strength would be enforced.

## SIR OLIVER LODGE Will Devote Rest of His Life to Problems of Ether.

Sir Oliver Lodge, the noted English scientist, has resigned as principal of Birmingham university. He will devote the rest of his life to the problems of ether in both its physical and physical relations.

## WARNS GERMAN PEOPLE

Hoover Insists Strikes and Disorders Must Cease.

Director General of Relief Declares Troubles Are Endangering the Food Supply.

Berlin, April 25.—A message to Germany by Herbert Hoover, director general of the Inter-Allied relief organization, has been published in Berlin. In it Mr. Hoover warned against a continuation of the strikes and disorders, saying they were endangering a continuation of the food supply.

The Boersen Zeitung says that Mr. Hoover's note is an ultimatum to Germany.

"Mr. Hoover says shortly and sharply," the Boersen Zeitung continues, "America has no desire to restrict itself in order that its grain ships may be sunk in the Elbe and its fat fags may disappear through the riot of a few thousand Spartacists, or that its potatoes shall rot in warehouses because they cannot be transported."

"America has the good will to save all from starvation, provided there is assurance of a state of order in Germany."

"Otherwise there will be no more supplies. That is Mr. Hoover's ultimatum, which just now for Germany is of equal importance with the peace conditions of the Entente."

## APPROVE WILSON'S ACTION

Senators Johnson and Kenyon Oppose Italian Claims.

Washington, April 25.—President Wilson's attitude toward Italy was endorsed in a statement by Senator Johnson of California, Republican, who declared the "present situation is the supreme test of the profession of our purpose which the President has so often voiced."

Senator Kenyon of Iowa, Republican, also issued a statement approving the President's attitude. "I hope he will succeed in smashing not only the Italian but all secret treaties for all time to come," he said.

## ITALIAN PUBLIC IS ANGRY

Anti-Allied Feeling Runs Very High in Rome.

Rome, April 25.—Commercial and industrial life was paralyzed here as crowds watched the bulletin boards with breathless interest. Anti-Allied feeling ran high.

Captain Beviere, member of the Italian press bureau in Paris, sent the following telegram:

"The situation is irretrievably worse. The country must remain cool. Italy's interests will be safeguarded."

## LONDON PAPERS ASTONISHED

President's Step Is Treated as Dramatic Development.

London, April 25.—"A thunderbolt," "a bomb shell," "an appeal to Caesar" and other descriptive expressions are used by the newspapers in connection with President Wilson's declaration on the Italian situation. The President's step is treated as a dramatic development at the Peace conference by most of the journals. Apparently halted temporarily by astonishment, some newspapers refrain from making any comment.

## Strike for Elevators Ends.

Tampa, Fla., April 25.—Striking cigar factory workers who went out three weeks ago demanding passenger elevators in factories, voted to resume work. Twenty-two factories and about 5,000 workers were affected.

## AWARDS EXCEED PREMIUMS PAID

War Risk Bureau So Far Has Allowed 87,744 Claims for Deaths During War.

## CAN CHANGE POLICIES

Soldiers and Sailors Already Are Making Application for New Life Insurance Policies Which Will Be Ready June 1.

Washington, April 25.—Director Lindsey of the war risk insurance bureau announced new life insurance policies, in which term insurance by soldiers and sailors may be converted, will be ready for issuance about June 1.

Applications for conversion are being received now but no intensive campaign to promote conversions will be made, in order not to overtax the insurance bureau with a rush of conversion applications, and to encourage discharged soldiers to make the conversion in amounts and at times when they are financially able. Efforts will be made, however, to have soldiers keep in force their term insurance.

May Be Given Six Months.

In this connection it is announced that the bureau will not consider insurance policies carried by soldiers during the war as lapsed, even though after discharge a man may have ceased payment or even notified the bureau that he wished to cancel the insurance, until ample time has been given for explanation and reinstatement. Every discharged soldier who has ceased to keep up payments will be notified that he may again put his insurance in force by payment of back installments within a certain time, possibly six months.

Insurance awards by the war risk bureau far exceeds premiums paid in by the insured man. Death awards insurance amounting to more than \$875,000,000 have been made and are being paid to the beneficiaries in monthly installments. The bureau has made 139 awards with a commuted value of \$804,500 for total permanent disability of insured men.

Death awards for insurance have been made on 87,744 claims affecting 192,226 beneficiaries.

In many instances the monthly payments are divided among several beneficiaries and in some instances single payments are divided among as many as 10 beneficiaries.

Under the provisions of the war risk insurance act, which provides compensation for dependents in case of death, exclusive of whether or not the man in service held insurance, there have been made 19,295 awards for compensation for death with monthly payments of \$458,000.

Compensation for disability is paid to more than 14,975 beneficiaries. These awards carry monthly payments of \$411,000.

There have been 105,800 claims for insurance awards for deaths filed with the bureau.

## GERMAN COUNTER PROPOSAL

Plan Admits All Belligerents to League of Nations.

Copenhagen, April 25.—The German counter proposals to the league of nations are outlined in a dispatch from Berlin. The German draft proposes that the league shall embrace all belligerent states and neutral states which were signatories of The Hague treaty, other states to be admitted by the consent of a majority of the members of the league, but the Holy See to be admitted without this condition.

## MAY RECALL WAR WORKERS

American Y. M. C. A. Has About 200 Members in Italy.

Paris, April 25.—The possibility of ordering all American Y. M. C. A. workers out of Italy was considered by John R. Mott, of the war work council of the Y. M. C. A. There are about 200 American workers in Italy assigned to various units of the Italian army and Mr. Mott was somewhat perturbed over the possibility that they might become involved in manifestations of anti-American feeling.

## A PROCLAMATION

Governor J. A. A. Burnquist has issued a proclamation, the tenor of which is that all city and back yards must be cleared up on or before May 3rd. The citizens of BRAINERD, keeping pace with those of all well conducted municipalities, will appreciate the importance of the governor's proclamation and the desirability of making our city attractive to the eye and cleanly in every respect from a sanitary standpoint.

Therefore, I as mayor of the city of BRAINERD, do hereby designate the week beginning Monday, April 28th, as "Clean-Up Week" and I urge and recommend that our people devote as much of their time as possible during the week to removing ashes and debris from alleys and back streets, make the back yards attractive and conduct a general cleaning up about their premises.

"Losses sustained by conflagration occasioned by carelessness are so enormous that all must realize the necessity of complying with the request," is an extract from Governor Burnquist's proclamation. The dangers from fire occasioned as the result of the accumulation of refuse and debris is great and this is taken into consideration in this urgent appeal to our people to observe Clean-Up Week in a thorough and energetic manner.

Signed,  
R. A. BEISE, Mayor,  
City of BRAINERD.

Red Cross, the Long Prairie Community band and some eighteen or twenty auto loads of citizens went over to Staples to meet the soldiers. The Motley band was also present and the two bands played a concert while the big crowd was waiting for the first train to arrive.

The train was scheduled for 7 o'clock but did not reach Staples until nearly 9. The soldiers were marched through the canteen picking up what items of lunch they wanted, and were then escorted to the main paved street of the city, a block of which had been roped off for dancing purposes. The Long Prairie band, augmented by a number of Staples players, gave a dance program and several hundred couples danced on the street. It was a happy, good-natured crowd and the soldiers seemed to be the happiest and best natured of any one. The soldiers on these trains had just arrived from France and were en route to Camp Lewis, Washington, where they were to be discharged.

It was also moved and duly seconded that the secretary be authorized to pay bills for meal tickets issued for visiting soldiers on Tank Day as these tickets were presented.

Mrs. H. W. Linne-mann reported on the recent old clothes drive to the effect that 27 bags of clothing, weighing 1,016 pounds and six sacks of shoes, weighing 266 pounds, had been collected and shipped on April 10th and that a written report had been filed with the chairman of the Civilian Relief committee. Mrs. W. A. Fleming, chairman of the committee on service badges for Red Cross workers, reported that 65 badges had been ordered and that a shipment had been received. The question of the Chapter paying for these badges and presenting them to the workers in recognition of their services was brought up and general discussion followed, without action, it being understood that individuals would pay for their badges as agreed upon and directed by the Northern Division, A. R. C., in their first circular of instructions.

### WHAT DOES THE GOVERNMENT WANT?

"I am secretary of the 'Victory War Savings Society.' We have been buying stamps every week and holding meetings. What does the government want us to do? We wish to be patriotic now just as much as in the war."

There must have been a great many who have asked themselves that question. This is the answer:

The government wishes to sell War Savings Stamps. Buying them and holding them to maturity is patriotic. The War Savings Societies in keeping their pledges before the members are helping the government to fulfill its financial program.

Making thrift a permanent habit is equally important. The government is just as much concerned in the educational campaign as in the sale of stamps.

The future progress of the United States will be exactly in proportion to the savings of the people. The country will be built up and its industries will be developed as fast as the 20,000,000 households increase the savings funds by which these things are done.

As long as we can remember, the United States has been going ahead in a step-dash way without much system. That time is passed. Getting

ahead is a matter for steady effort hereafter for the nation as for the individual. The permanent habit of thrift will determine the rate of future progress.

### AMUSEMENTS

#### At the Park Theatre Today

There is a notable staff of players who appear in support of Marguerite Clark in her newest photoplay, "Out of a Clear Sky" which will be the principal attraction at the Park theatre today. In this respect at least, this photoplay is one of the best shown at any theatre this season.

The leading man is Thomas Meighan, a popular screen actor who has been seen to advantage in numerous Paramount and Arcturion pictures. E. J. Radcliffe, a well known player has a strong role, while Bobby Connelly, a juvenile of reputation, has an excellent characterization.

#### At the Best on Tuesday

"The Indestructible Wife," Alice Brady's latest picture, will be seen on Tuesday at the Best theatre. The story deals with Charlotte, the strenuous bride of Jimmy Ordway. She is athletically inclined while her husband is not, and he finds a great deal of trouble in keeping up with her. He meets Brandy, a professional athlete, whom he decides is the correct man to tire her out. Brandy falls in love with Charlotte. Jimmy decides to tame Charlotte as Petruchio did the Shrew. He kidnaps her and takes her to a boathouse. Brandy tries to rescue her but Charlotte loves Jimmy and refuses to be rescued. Tamed Charlotte and her tamer prepare to lead a less strenuous life.

#### At the Best Monday

The physical strength of Wallace Reid is well known. This young actor is splendidly set up and his entire six feet two inches of physique are always in excellent shape for a tussle. But his fine restraint and mental strength are no less important, and both phases of him are exhibited at their best in "The Dub," his next picture, which will be shown at the Best theatre next Monday.

#### At the Park Sunday and Monday

Alice Joyce is supported by a cast of exceptional strength and balance in "The Lion and the Mouse," the Vitaphone super-feature, which will be seen in the Park theatre on Sunday and Monday. The players are: Conrad Nagel, Anders Randolph, Henry Hallam, T. W. Carlton, Mona Kingsley, Jane Jennings, W. H. Burton, Templar Saxe, Mary Carr.

"The Lion and the Mouse" is adapted from the famous stage success of the same name, written by the late Charles Klein, and was produced under the personal supervision of Albert E. Smith. The featured role, that of Shirley Rossmore, gives Miss Joyce the most appealing and compelling characterization of her screen career, and Vitaphone announces that the beautiful star has exceeded even her notable triumph as Mary Turner in "Within the Law."

## CHAMBER TO MEET ON MONDAY APL. 23

To Consider Victory Celebration in Brainerd on the Fourth of July This Year

### ADVISORY BOARD RECOMMENDS

Meeting Called by President, Dr. J. A. Thabes—Much Important Business to Come Up

An important meeting of the Brainerd Chamber of Commerce has been called by President Thabes for Monday evening, April 28th and every member and all interested in constructive work in this community are urged to be present. The Advisory Board, at a recent meeting, made certain recommendations and the Chamber has not acted upon this as yet.

#### July 4 Celebration

Among other things to be taken up will be the proposition of holding a big victory celebration in Brainerd on July 4th in honor of returned soldiers. It is proposed to make this a big community event to be participated in by our citizens generally, including labor unions, lodges and fraternal orders, and in fact every organization in the city.

This matter was brought up at a recent meeting of the Chamber, but no action was taken and since that time, the secretary has sounded the sentiment of the public with the result that he finds many are in favor of such a celebration.

It is possible that light refreshments will be served by the House and Social committee although this is not fully decided. In any event, every member of the Chamber and all who are interested in the work of the organization or the advancement of the city along constructive lines is urged to be present.

The meeting will be held promptly on time and there will not be one dull moment. Members are urged to make their plans accordingly and be present Monday evening, April 28th.

## APPRECIATE WORK OF THE FIREMEN

Dodged Swaying Stack, Falling Floors and Flying Brickbats at Model Laundry Co. Fire

### OWNERS BUILDING SEND CHECK

Relic of Fire Found by Ed Gruenhagen, Four Silver Dollars Melted in Solid Mass

Doing the best they could with the water service and equipment at hand, Brainerd firemen fought the flames in the Brainerd Model Laundry building fire and risked falling roof and flying brickbats. The building measures about 40 by 150 feet and is three stories high.

So well did the firemen succeed in confining the blaze and saving a part of the structure that the owners of the building, Slipp-Gruenhagen Co., promptly sent the men a check of \$25 as a measure of thanks.

Starting near the vulcanizing department the flames spread rapidly and burned out entirely the west 60 feet of the building, from top to bottom. A heavy firewall separated the implement department from the laundry. The laundry stack was saved. The two front flats of four rooms each were not so badly damaged. The roof burned there, but the fire was checked from spreading downward.

A relic of the fire was found by Ed Gruenhagen, who lived in a flat in the building. A part of a drawer of a dresser was found in the debris and within were four silver dollars which the heat had melted to a solid mass.

### ROLL OF HONOR

## SHERIFF BUSY ON A NEW JOB

Will Collect Delinquent Personal Property Taxes in County, 375 are Behind in Payments

### COLLECTED \$3,600 LAST YEAR

Uses Kindly Methods First to Avoid Expenses, in Refractory Cases May Back Up Dray

Sheriff Claus A. Theorin has started his machinery for the collection of delinquent personal property taxes, that should have been paid in 1918. There are about 375 delinquents in Crow Wing county.

The sheriff has established a record as a collection agency and the county feels very kindly towards him. Last year he collected \$3,600 back taxes.

His procedure is to start with kindly measures, requests to call at the court house and see him and pay up and thus avoid any further expenses. If that has no effect, sterner measures follow which may culminate in a dray backing up at a house and seizing enough furniture or other goods to pay the delinquent tax.

In these days of taxes all must pay up and no county can afford to carry a lot of delinquents on its books.

## USED CAR SALES ARE REPORTED

C. F. Probst, Traveling Representative, Says Good Prices Were Realized by W. E. Lively

Three New Overlands Sold—Mr. Probst Also Covers Pine River, Pequot, Etc.

The used car sale announced by the W. E. Lively garage, said C. F. Probst, traveling representative of the Mutual Auto Co. of Duluth, has been a success from the very start. Four used cars were sold the first day and three new Overlands.

Mr. Probst covers Brainerd, Pine River, Pequot, Pillager, Crow Wing and Fort Ripley and reports interest awakened in the Willys-Knight and Overland cars.

He claims the Overland is a thrifty car. Model 90 has established what is considered a world's record for a non-stop run with the gears sealed in high. The car was driven over the roads around Oklahoma City, Okla., for seven days. In the 168 hours of continuous running, the car covered 4,370.1 miles. Overland drivers averaged 624.3 miles a day, without change of gear or engine stop. Gasoline used averaged 20.66 miles for each gallon, being gasoline of 50 test. The previous American Automobile association record for a 24-hour non-stop run was 587 miles.

## \$166,000 FIGURES IN CITY CANVASS

County Chairman Zapffe and City Chairman Dr. R. A. Beise Confident Brainerd Gets Quota

### MINING COMPANIES LIBERAL

Returned Soldiers Aid in Soliciting in Brainerd, Tendering Services to Committee

Brainerd is gradually though slowly approaching its quota of \$190,000. At noon today \$165,000 were subscribed. There are still many to see to obtain subscriptions. Assisting Chairman Beise are Floyd Warner and Joseph Miller, two returned soldiers, and Sergeant George Berggreen. They have been very successful in obtaining subscriptions from those who have been holding back. Brainerd must go over Saturday evening. "Five days are more than enough for a town the size of Brainerd," said Dr. Beise this noon.

The Fort Ripley district with S. R. Kramer as chairman, is the first district in the county to make its quota. Mr. Kramer has been one of the regular and valuable assistants of County Chairman Zapffe, and is the winner of a German Prussian helmet for putting his district over. The district embraces St. Mathias and Ft. Ripley townships.

The Pennington Mining Co. reports a 100 per cent subscription in the Ironon district.

The Inland Steel Co. for the third time has subscribed \$75,000.

In Ironon and Crosby the drive started yesterday. Both chairmen report being confident of success—even if subscriptions are coming slowly.

## TO MAKE PUBLIC NAVY ADVANTAGES

Navy Department to Send Traveling Publicity and Recruiting Party to Brainerd

### IN BRAINERD DISTRICT MAY 5TH

Will Consist of A. S. Glover, Yeoman, First Class, U. S. N., and an Assistant Seaman

In order that the many advantages of the navy may be brought to the attention of the young men of this section of the United States, the Navy Department has authorized a traveling publicity and recruiting party for the Brainerd district. The party will arrive in Brainerd May 5 and will consist of A. S. Glover, Yeoman, first class, U. S. N., and probably one other man.

Inasmuch as it will be necessary to follow a certain itinerary, the stay of this party will be limited and it is desired to remove any obstacles to a thorough advertising campaign and canvass of the city and district; to the distribution of literature and the securing of publicity.

### It Depends.

Whether a woman is good-looking depends largely on whether you are speaking of her face or to her face.—Wilmington News.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.  
Address F. J. Cheney & Co., Toledo, Ohio. Sold by all Druggists, 75c

### LIFT OFF CORNS!

Drop Freezone on a touchy corn, then lift that corn off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! No humbug!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

### HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.  
Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.  
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.  
To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.  
Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.  
They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.
